"Well, that's a great grocery store, sure as you're living neighbor. About everything that comes from there seems to be better than you get at any other store. And folks are getting on to this fact, too. I guess, for it 'pears to me as though everybody on our street was trading there. But, sure as shooting, I'm going down there first thing tomorrow for some of that coffee." Also teas, spices, extracts, fruits, vegetables and canned goods.

## TO FORM A REPUBLIC

SUCH IS THE AIM OF COUNCIL OF WORKMEN'S DELEGATES AT ST. PETERSBURG.

## FOR A DECISIVE STRUGGLE

TOILERS OF THE CZAR'S EMPIRE TOLD OF THE NECESSITY OF TAKING UP ARMS.

St. Petersburg, Nov. 3.—The council of the workmen's delegates at midnight issued a notice pointing out the necessity of arming workers for a decisive struggle for the convocation of a constituent assembly based on universal suffrage with a view to the formation of a democratic republic.

The council decided to suspend the present strike at noon Friday, but on the condition that it be resumed if their demands were not granted. The council decided also that only those newspapers may appear whose editors will entirely ignore the censorship. Composers have refused to work except under this condition and newspapers not complying with it will be confiscated, their presses destroyed and their workmen boycotted. The railway men's union, however, has decided to continue the strike, mainly through a desire to prevent the transport of troops to Finland. The union of unions has resolved to demand complete amnesty for political prisoners, the immediate withdrawal of troops from St. Petersburg and their replacement by militia drawn from the people.

The proceedings of the workmen's council appear daily in a secretly printed newspaper, which contains an article saying:

"Freedom of meeting, but the meeting surrounded by troops; freedom of speech, but the censorship remains; freedom of learning, but the university occupied by troops; inviolability of person, but the prisons full; Witte given, but Trepoft remains; constitution given, but autocracy remains; all given, nothing."

## Censorship Abolished.

It was officially announced at night that the censorship of press telegrams had been abolished. It was stated that officers and privates who met at the university on Oct. 3 formally resolved to use arms against the autocracy which was striving to strangle the proletariat, who had not reached the last act of the revolution.

A drenching downpour of rain was a more effective means of preventing a renewal of the demonstrations than the police and military patrols. The crowds had no desire to appear on the streets in the torments of rain.

It is now definitely established that the whole student movement is practically conducted by a student organization which belongs to the Social Democratic party. Much of the work has been directed from the headquarters at Berlin and Geneva. The organization includes students throughout Russia and they are acting in harmony with the leader in St. Petersburg, who has displayed remarkable genius as an organizer and director. He is a young man twenty-three years old and an exceedingly clever student. His special aptitude is mathematics. The comrades of the student leader manifest intense devotion to him and rely implicitly on his judgment.

Amnesty is expected to be proclaimed soon. It is understood, however, that it will except certain political prisoners whose liberation it is considered would threaten public and individual safety. It is estimated that the amnesty will affect 15,000 persons who are shut up in jails, prisons and fortresses in European Russia and other thousands in the penal colonies of Siberia. Besides it will permit the return of countless others who are banished from their homes and compelled to live in specified localities.

## LONG CASUALTY LIST

PROBABLY FIVE THOUSAND PERSONS KILLED OR WOUNDED IN ODESSA RIOTS.

London, Nov. 3.—The Standard's correspondent at Odessa says:

"Within three hours of the declaration of martial law, which came to the unspeakable relief of peaceable citizens, no fewer than 5,000 ruffianly loyalists had been disarmed by the students and the military. How some 5,000 artisan rowdies became possessed of revolvers and an abundance of cartridges is a question requiring solution. The rigorous curfew law is welcomed as a deliverance from the terrors of the past two days. Anyone in the

streets after nightfall is liable to arrest; anyone appearing at open windows or on balconies risks being shot without warning.

"General Kaulbars told me that he had done his best with the inadequate forces at his disposal. He was unable to guarantee the safety of individuals and foreigners he especially advised to keep within doors."

The Daily Telegraph's correspondent at Odessa says:

"At 6:30 o'clock in the evening there were no signs of the riots abating.

In many cases whole rows of houses have been ruined. The governor has proclaimed that the artillery will destroy any building in which people fire from the windows. The troops have been using machine guns, and martial law prevails.

"It is difficult for any correspondent to supply an adequate report of events, because it is dangerous to approach the windows and it is impossible to look out. The number of killed and wounded must be enormous. All the foreign consulates are protected by soldiers."

The casualties are believed to have amounted to 5,000 killed and wounded. In the Jewish quarters bodies still strew the streets and sidewalks.

## Six Killed at Sebastopol.

Sebastopol, Nov. 3.—Six persons were killed and sixty were wounded during the rioting here. All the banks, schools and stores are closed and houses about the city are boarded up.

## Fifty Killed or Injured.

Kieff, Nov. 3.—During demonstrations within the municipality during the day 5 persons were killed and 45 injured, 6 of them seriously.

## FILE AN ADDITIONAL PLEA.

Packers Make a Surprising Move in Beef Trust Case.

Chicago, Nov. 3.—Complete immunity from prosecution under the pending indictment returned by the federal grand jury several months ago is claimed by J. Ogden Armour and the other defendant packers and agents charged with being promoters of the so-called "beef trust" in an additional plea in bar, filed late in the afternoon by John S. Miller, the packers' representative. The new plea, which came as a complete surprise to the government, sets up as facts that when James R. Garfield, commissioner of corporations, investigated the beef business he promised the packers that whatever testimony they gave without being under oath or whatever documentary evidence they voluntarily produced the defendants should have the same rights, indemnities and immunities as if they had testified under oath and compulsion. Under this plea Attorney Miller hopes to establish the fact that there was an agreement between the government and the packers that they should testify and produce evidence without being subpoenaed or the oath being administered, but as far as immunity was concerned it should be considered as if they had been subpoenaed and took the oath.

The allegation of an agreement between Commissioner Garfield and the packers was a surprise to District Attorney Morrison and Assistant Attorney General Pagin, and it is said that Commissioner Garfield has been asked concerning exactly what occurred during the investigation into the beef business.

## IN HONOR OF PRINCE LOUIS.

Admiral Evans Gives a Dinner on Board the Mayflower.

Annapolis, Md., Nov. 3.—Glasses clinked with the ring of good fellowship as the healths of the president and the king were drunk standing at the dinner of Admiral Evans on board the Mayflower at night to Rear Admiral Prince Louis and the officers of his squadron.

His highness proposed the health of President Roosevelt and Admiral Evans the health of the king.

The dinner was the concluding feature of the second day of Prince Louis' visit to America. The official programme of entertainment did not begin until afternoon. The morning was given over to an informal exchange of visits between the commanding and junior officers of the several squadrons. The spectacular feature of the day was the review of the brigade of midshipmen on the parade ground, followed by dress parade. Then came the reception of Admiral Sands for the British and American officers, a brilliant affair, after which the prince returned to his flagship to shift into evening dress for Admiral Evans' dinner. His highness found time between the dress parade and the reception to return the call of the mayor of Annapolis, who called on board the Drake to offer the admiral-prince the freedom of Maryland's capital.

## BLOW OPEN A BANK SAFE.

Burglars Make a Rich Haul at Sandborn, Ind.

Vincennes, Ind., Nov. 3.—After gaining entrance to the Sandborn bank at Sandborn, this county, at an early hour in the morning, robbers blew open the safe with a charge of nitroglycerin and escaped without detection, taking with them \$4,000 in cash and notes aggregating probably \$10,000 in value.

## DISORDERS IN VIENNA

MORE THAN FORTY PERSONS INJURED AS RESULT OF SOCIALIST MEETING.

## FOLLOW RUSSIAN EXAMPLE

CROWDS MARCH THROUGH THE STREETS SHOUTING FOR A REVOLUTION.

Vienna, Nov. 3.—Grave disorders, in which it is reported more than forty persons were injured, occurred at night as the result of a great Socialist meeting in behalf of universal suffrage. The orators used fiery language, declaring that millions of workers were ready to follow the Russian example. The crowds outside the hall were so great that traffic was stopped for three hours.

After further harangues outside the buildings the crowd marched through the streets shouting for revolution. Near the Hofburg the police forced the demonstrators to enter the side streets, causing numerous conflicts in which several persons were seriously injured, the wild scenes lasting half an hour. Later at night the turbulence was renewed in many parts of the city and many more persons were hurt.

It is alleged the Socialists stoned the police, compelling them to draw their swords, and it is said the police acted with brutal violence. The masses resisted angrily, and a cafe on Ringstrasse was almost demolished. There were no policemen among the injured.

This outbreak is believed to inaugurate a series of earnest demonstrations, the impudent attitude of the police having incensed the labor party and determined them to press their demands at any price.

It is stated on good authority that Emperor Francis Joseph has decided to grant universal suffrage to Austria and has instructed the premier, Baron Gautsch von Frankenthurn, to draft a measure on a comprehensive basis. The decision is attributed to the emperor's desire to satisfy the Socialists and to at the same time impress the Hungarian coalition.

## FOR TRADE AGREEMENT.

Germany Invites United States to Enter Negotiations.

Washington, Nov. 3.—Ambassador Speck von Sternberg of Germany, who has been in Europe for several months, returned to Washington during the evening. His wife, who accompanied him abroad, will sail for home the latter part of November.

The ambassador brought with him the invitation of the German government for the negotiation of a new trade agreement between the United States and Germany to replace the existing commercial arrangement which expires early next spring. He will present this invitation to Secretary Root at the earliest opportunity, probably this week, with a view to having the negotiations commence as early as practicable.

While in Berlin the ambassador had several interviews with Emperor William and frequent consultations with the officials of the foreign office by whom he was made fully conversant

with Germany's policy regarding its commercial attitude toward foreign countries and particularly toward the United States. This knowledge of the situation will enable him to deal readily with questions that may arise in framing a new treaty. The invitation to the state department expresses sincerely Germany's wish for a trade agreement with the United States and in its general tenor is in keeping with the sentiments expressed by the imperial chancellor, Prince von Buelow, in defining that country's attitude on this subject in an interview in Berlin several days ago.

The Halloween social given in the M. E. church was a very pleasant and enjoyable affair. A large number of young people were present and the program, which consisted of speeches (impromptu and otherwise) given in the softly diffused light, were very suggestive and antique. The recitations were very appropriate and heartily applauded. A clarinet solo and cornet solo were especially well rendered and thoroughly enjoyed. The decorations were very pretty and quite frequently could be heard the rustle of the corn as it was distributed by some trespasser, and from the various corners shone the glittering eyes and glaring teeth of the yellow monsters who make themselves conspicuous on such occasions. After light refreshments had been served very appropriate souvenirs were distributed.

## MUSIC AND DRAMA.

ADELAIDE THURSTON.

Tomorrow night at the Brainerd opera house there is a treat in store for the patrons when Miss Adelaide Thurston appears here in her new play, "The Triumph of Betty." The seat sale opened this morning and it is thought Miss Thurston will be greeted by a good audience.

Considering the influence she has exercised upon her own country and in fact upon the world at large it is surprising that the authors of novels and plays have not made more of the American girl as a high class type, not as is too often the case, a type to be held up to ridicule, not a type to be shown as coming from the outskirts of civilization, with bad manners and worse grammar, for these, whilst they undoubtedly exist and are more or less a picture of a certain class of society, which always springs up with a new country, are a libel on the real article, and no one knows this better than the authors themselves—but it is always easier to draw a caricature than a character and always easier to raise a laugh by farce comedy methods than by legitimate humor, and so it comes to pass that the majority of American girls as represented on the stage, (of course there are several brilliant exceptions) are too often caricatures. In the new play which Miss Adelaide Thurston produces this season, "The Triumph of Betty," by W. A. Tremayne and Irving L. Hall, the authors have endeavored to represent her as she really is, and have brought humorous contrasts of manner simply by placing her in the midst of a rather narrow-minded circle of friends and acquaintances in a foreign country—where words and actions that are perfectly legitimate and right are looked upon with censure and suspicion simply because they are out of the ordinary beaten course, where as a matter of fact Betty is more intelligent, better educated and more truly a lady than her judges. How she by sheer force of a wholesome personality and down right honesty of purpose triumphs over her enemies and traducers and brings happiness to all those who have loved and trusted her is told in an exceedingly interesting and at the same time humorous manner. Those who have seen Miss Thurston's excellent work in past seasons in such plays as "The Little Minister" will enjoy her in "The Triumph of Betty" tomorrow night. Prices \$1, 75, 50 and 25c.

"THAT LITTLE SWEDIE."

The attraction at the Brainerd opera house on Tuesday, Nov. 7, will be the production of Lawrence Russell's beautiful dialect comedy drama, "That Little Swede." Lawrence Russell is also the author of "Land O' Cotton," "Sandy Bottom" and "After Twenty Years." "That Little Swede" contains pathos and human interest that appeals to everyone. It is a drama that is consistent and legitimately sensational. It contains a story that goes to the heart. It has many sensational features and a good cast.

## Nervous Headache

The Cause of Much Suffering to Women is Permanently Cured When the System is Built up by

DR. A. W. CHASE'S NERVE PILLS.

When the head aches hard and throbs; when the neck and eyes grow stiff, the face flushes or grows deadly white; when any excitement or over effort brings on an attack of nervous headache so severe that it leaves you weak, trembly, shaky and utterly worthless—for days, it is a certain indication that the nervous system is shattered—that resistive power is gone—that you need a medicine that will rebuild and re-supply the lost nerve force, that will so strengthen you that you can resist and overcome these terrible seizures. Such a medicine is Dr. A. W. Chase's Nerve Pills, a medicine that does not relieve but goes to the root of the trouble and positively cures.

Mrs. John Fall of Fourth St., Toronto, O., Says:

"I like Dr. A. W. Chase's Nerve Pills because they cured my nervous sick headaches—these headaches used to play me out and leave me weak and nervous, the pain being so severe. My eyes used to get stiff and sore during the attack and the neck so stiff I could hardly turn it. The Nerve Pills, however, proved to be just what I needed and cured the attacks in a hurry. As a result I feel steady in nerves, physically strong and vigorous and in every way sound and well. This makes me feel I can't speak too highly of the medicine." 50 cents a box at dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N.Y. Portrait and signature of A. W. Chase, M. D., on every package.

## STOMACH CURE

An Easy Way from Standpoint of Convenience—Guaranteed by H. P. Dunn & Co.

The so-called cures for indigestion are almost as numerous as the victims themselves, and scarcely a day passes without the hopes of thousands of sufferers being raised by the discovery of some novel method of cure for this prevalent disease.

Until a combination of unusual remedies, heretofore but little known in this country, was made in Mi-o-na tablets, no certain cure for indigestion had been found, and it is therefore hardly to be wondered at that H. P. Dunn & Co. who have the Brainerd agency for Mi-o-na, are selling large quantities.

Mi-o-na is a guaranteed cure for a diseases of the stomach excepting cancer. If you have pains of distress after eating, headache, belching of gases, sour taste in the mouth, dizziness, heart burn, specks before the eyes, furred tongue, sleeplessness, back-ache, debility or weakness, it shows that the stomach needs to be strengthened by Mi-o-na. Just one little tablet out of a 50 cent box before meals for a few days, and you will soon regain perfect health and strength. Ask H. P. Dunn & Co. show you the guarantee under which they sell this remedy.

## STOLE GRIP BUT WAS CAPTURED

Crook who Got Busy at the Mid-  
night Train Gathered in by  
Officer Derosher

## GRIP CONTAINED VALUABLES

Which Would Exceed \$150, In-  
cluding Three Mileage Books  
And Other Papers

Through the alertness of Officer Mose Derosher a traveling man by the name of E. E. Reed has been saved considerable inconvenience and loss of time. It did not take the officer long after he had come on his beat this morning to locate the crook who did business at the mid-night train and stole a grip belonging to Mr. Reed which contained about \$150 worth of valuables, including three mileage books.

The man who gave his name this afternoon at the hearing in the municipal court as Samuel Wright evidently was in town when the train arrived. He went to the depot and when the train stopped is supposed to have got aboard, and spotted Mr. Reed's grip, took it and walked out of the car. Mr. Reed was en route from Aitkin to Staples. He was riding with W. H. Cleary, of the Brainerd Grocery company, as far as Brainerd in one of the rear coaches. After Mr. Cleary left the train he moved into the smoker taking his grip with him. He stepped out for a moment and did not return until the train was about ready to pull out. He rode to Staples and it was not until he started to get off that he missed his grip. He at once telephoned to Brainerd and put the police on to the facts, but evidently Wright kept in the clear until the change of beats this morning.

Shortly after Mose Derosher came on duty he spied a fellow in the Ransford bar trying to dispose of a mileage book for \$1. The jig was up with this fellow and he not only turned over the mileage book but told the officer where the other mileage books were and they were all recovered, together with the grip.

It is alleged that a short time ago he stripped a dummy in front of the J. F. Murphy & Co. store, but at that time he was not prosecuted as he claimed he was on a drunk and did not know what he was doing and when overtaken claimed he was on his way back to the store to give the coat up. He is now thought to be a professional crook.

The man was taken before Judge Warner at 1 o'clock and arraigned. He demanded an examination and the hear-

ing was continued until Saturday, November 11.

There was quite a scene in police court this morning when Wright was first brought over. It seems that while Chief Simmons was talking to Mr. Reed Wright kept trying to "butt in" and finally after telling the fellow to keep still several times the chief impressed his demands on him by swatting him over the face. This raised the fighting blood in the fellow and he wanted to fight and even threatened to lick the chief, but he was quieted down and locked up again.

## MEETING HELD LAST EVENING

Memorial Day Matter—Officers  
Will Soon Meet to Map Out  
Plans for Winter

There was a meeting of Brainerd lodge, B. P. O. E., last evening and the most important piece of business transacted was in connection with the resignation of C. D. Johnson as exalted ruler of the lodge, which was handed in at the last meeting and action deferred until the meeting last night.

Several of the members made remarks and set forth good and sufficient reasons why Mr. Johnson should retain the position for the time being and after considering the matter from various standpoints he decided to continue in the position. In connection with this renewed vigor and energy is to be infused into lodge matters and a vigorous campaign for success will be commenced. A plan will be mapped out for the season and it is anticipated that the next two or three months will see a great revival in interest in lodge matters.

Milton McFadden was given a rising vote of thanks for a large picture of an Elk presented to the lodge, which now adorns the walls.

A report was heard from the committee appointed to get up a play. The committee reported that it had selected the play "Our New Minister," and that the parts had been sent for and the cast announced about the first of next week. It is expected that this play can be put on by Dec. 10.

Brainerd Has To Bow To The Inevitable—Scores Of Citizens Prove it

After the reader has read the public statement of this representative citizen of Brainerd given below, he must fairly, squarely and honestly come to this conclusion: "A remedy which cured years ago, which had kept the party in good health since, can be relied upon to perform the same work under similar circumstances. Read this:

Chris Hanson, of 1412 E. Oak St., Brainerd, Minn., says: "The lapse of time has not diminished my confidence in Doan's Kidney Pills which I recommended in a testimonial given in 1898. As I stated at that time, we found this remedy to be a sure cure for children afflicted with weakness of the kidneys. Our boy has been troubled in this way at night, but Doan's Kidney Pills which we got at H. P. Dunn & Co.'s drug store, gave him prompt and effective relief. Since then I have used Doan's Kidney Pills myself for backache and they banished my trouble in short time."

## IMPROVEMENT NOTICEABLE

In the Condition of Chief A. H. Bennett

Today--Spent a Rather Delirious  
Night of It

The condition of Chief A. H. Bennett, who was injured in a runaway yesterday morning, is improving today and those in attendance on him feel very much encouraged. He spent a rather delirious night of it but this morning he was quite rational. He sleeps a great deal, but when awake now he seems to realize the whole thing and converses about the matter.

## "UMPIRE STATE" STOVES FOR WOOD

## OUR CLAIMS FOR SUPERIORITY

Of these stoves over all others are based upon the following exclusively new features:

FIRST—Only Tamala air-tight that does not smoke and spit flames when top feed is opened, or puff, roar and explode while in operation.

SECOND—Jointless, corrugated, all cast iron bottom, having a pit of 6 inches deep, in which the fuel burns without any possibility of leakage.

THIRD—Perfect draft regulation and adjustment by means of our patent screw register in the oval air tight fitted ash door in the pit. The opening for this door is arranged so as to permit the easy and clean removal of the ashes, and avoid dust when door is open.

FOURTH—Mounted with lasting and heavy corrugated sheet steel of the highest quality.

FIFTH—Heat deflecting rings surrounding entire stove, and producing wonderful floor heating.

SIXTH—Cast-iron main top with two cooking holes in 24 and 28, and a supplementary swinging feed-top in 18 and 22.

SEVENTH—Check register in pipe collar.

EIGHTH—Handsomely nickel-plated foot rails, urn and nickel panel, knobs, screw register, and nickel suing top.

NINTH—Has cast-iron front, fitted with a circular 12 inch door for feeding.

TENTH—Pipe collars made to receive inverted stove pipe, to avoid exterior leakage of creosote, which is inevitable in a thoroughly air-tight stove.

## DEAFNESS CAN BE CURED

Wonderful Medical Discoveries That Act Like Magic Are Attracting Wide Attention.

The case of Mrs. J. Nolan, of 2513 W. 2nd St., Duluth, Minn., who had been deaf for sixteen years, during which time she was suffering from catarrh of the head and stomach, seems a rigid test for this medicinal wonder. The long standing and severity of the case, however, makes no difference, as has been proved in this and other instances, for according to a letter recently received from the lady herself, after she had finished the second bottle, there was an improvement from the very first and she declares that she now hears as well as ever.

The marvelous new medicines not only cure deafness, but as has been illustrated in the case of Mrs. Nolan, catarrh also yields readily to the peculiar influence of their

mysterious ingredients, for the letter states: "I feel stronger and better in every way and hear as well as ever."

That these remarkable medicines, which are known as Cooper's New Discovery and Cooper's Quick Relief, are doing the wonderful work that it is claimed, there is no possible doubt, for every day brings out reports of cases just as remarkable as Mrs. Nolan's.

Cooper's New Discovery sells for one dollar per bottle, while Cooper's Quick Relief, the assistant remedy, costs fifty cents. The remedies used together will cure the worst cases of Rheumatism, Catarrh, Deafness, Blood Diseases, Stomach and Kidney Trouble and Paralysis, and can be had of Cooper's special agents in this city, H. P. Dunn & Co.

## TWO MEN ARRESTED

ACCUSED OF HOMICIDE IN CONNECTION WITH DRESS SUIT CASE MYSTERY.

SAID TO HAVE CONFESSED

ONE OF THE MEN TELLS HOW REMAINS OF SUSAN GEARY WERE DISPOSED OF.

New York, Nov. 3.—Two men are under arrest at police headquarters in this city charged with homicide in connection with the dress suit case mystery in Boston. One of the men, William Howard, is said to have confessed that he and his fellow prisoner, Louis Crawford, alias Albert H. Emory, were the ones who took the body from a hospital on Tremont street, Boston, and threw the dismembered portions, which were concealed in dress suit cases and a hand satchel, into Winthrop (Mass.) harbor. Howard denies that he knows anything about the cutting up of the body, while Crawford refuses to say a word.

Chief Inspector Watts of Boston is on his way here with witnesses who say they saw the men throw the body from ferryboats.

In the arrest of the two men here the police assert the solution of the dress suit case mystery will be solved and the person primarily responsible for the death of Susan Geary, the chorus girl of the "Shepherd King" company, soon will be in the hands of the police. Herman Brown, who has an alias of Howard, is thirty-six years of age. He says he is an engineer by occupation and that he has lived since he came here in East Fourteenth street. Albert H. Emory, alias Crawford, is a theatrical agent. Howard, as soon as he was placed under arrest the police say, freely told the complete story of the disposition of the body, but absolutely denies that he knows who performed the operation upon the girl which brought about her death or who dismembered the body. He was hired to help Crawford, he swears, to dispose of the body and this is all he says he had to do with the case, although he admits that he knew the girl had died under suspicious circumstances and that her body had been cut up. Howard and Crawford were arrested at night. As soon as the men were taken to police headquarters Howard broke down and made the alleged confession.

### Howard's Alleged Confession.

According to the sworn statement, as related by the police, Howard had known Crawford for over three years. Crawford had been employed in medical dispensaries and for some time had been engaged, the police say, in managing a lying-in hospital conducted by his mother-in-law, Dr. Jane Bishop on Tremont street, Boston.

On the morning of Sept. 19, two days before the dismembered body of Susan Geary was found, Howard called at Dr. Bishop's place to see Crawford. Howard said he needed money badly and when Crawford suggested that he was in a position to get him a good fee he quickly jumped at the chance. Then he went on to tell Howard, according to the confession, that a girl had died from the effects of an operation. He explained in detail what was required—to remove the remains to some spot where they would not be discovered for some time.

"How much is there in it?" Howard said. "One hundred dollars," answered Crawford, and Howard says they closed the deal and made an appointment to meet at the hospital on the following morning.

Howard said he kept his appointment and he and Crawford went to the south ferry, Crawford carrying the suit case containing the limbs of the dead girl and Howard carried a hand satchel containing the head of the girl. On the first trip no opportunity was found to dispose of their burdens, but on the return trip both men dropped the suit case and the satchel in mid stream. Then they went to the Tremont street hospital and got the suit case containing the dismembered body of the girl, took it to the Chelsea street ferry, boarded a boat and threw the suit case into the river.

### SOLUTION OF MYSTERY.

Boston Police Believe That It Is Near at Hand.

Boston, Nov. 3.—With three men under arrest, one of whom is said to have made a confession, and four important witnesses on their way to New York to confront two of the men who are in custody there, local authorities believe that they are within a measurable distance of a final solution of the dress suit case tragedy of which Susan Geary, a Cambridge chorus girl, was the victim.

The men in custody besides Morris Nathan, the girl's lover, who was brought back from Pittsburgh in a state of collapse, are Lewis W. Crawford of this city, a son-in-law of Mrs. Dr. Bishop, who formerly conducted an office on Tremont street, and a man calling himself William Howard.

The four witnesses started for New York at night in charge of Chief Police Inspector William B. Watts and Superintendent of Police William H. Pierce. The witnesses will attempt to identify Crawford and Howard.

## STEAMER HITS COAL BARGES

Sinks One of Them and Probably Causes Two Deaths.

New York, Nov. 3.—Crashing into a tow of ten empty coal barges in the narrow confines of Hell Gate at night, the steamship Horatio Hall, Captain Johnson, bound from this city for Portland, Me., ran down and, from the meager accounts obtained, sank one of the barges, on which was a man and his wife. On another barge, the Mira, Margaret McGee, thirty years old, was knocked to the deck by the force of the collision and was later removed to the Williamsburg hospital with three ribs broken. Captain George McGee, her husband, said that Captain Johnson did not stop after the collision, but continued on his way.

A wireless message was received from the Horatio Hall saying that they had run down a barge, and also giving the impression that they had a man and woman on board who were injured and who were being taken to Portland.

### THREE PROCLAMATIONS ISSUED.

Norwegians Told How to Vote at Forthcoming Referendum.

Christiania, Norway, Nov. 3.—The government during the day issued a proclamation recommending the people to vote at the forthcoming referendum for a monarchical form of government based on the British and Italian constitutions. The proclamation further points out that the best friends of Norway in Europe declare that the country's relations with the foreign powers can be the better served by retention of the monarchy. The Radicals and Socialists also issued a proclamation recommending a republic. Another proclamation was issued and signed by 130 prominent Liberals asking the people under the circumstances to support the proposition of the government.

### THANKSGIVING PROCLAMATION.

President Roosevelt Names Last Day of November.

Washington, Nov. 3.—The president during the day issued his proclamation naming Thursday, Nov. 30, next, as a day for thanksgiving.

HEIRS MAKE A NEW MOVE.  
Carry Wilder Charity Case to Federal Circuit Court.

St. Paul, Nov. 3.—A new move was made during the day in the efforts of some of the relatives of Mrs. Fanny S. Wilder to break her will and that of her daughter, Mrs. Cornelia Day Wilder Appleby, providing for the establishment of the Wilder charity for the worthy poor of St. Paul. Suits were brought by the heirs in the United States circuit court to have both will declared void insofar as they relate to the charity.

The bulk of the Wilder fortune was set aside by the terms of these wills as a charity fund for the deserving poor of St. Paul, to be known as the Amherst H. Wilder charity. Suits to have the wills declared void were brought in the district court of Ramsey county by the heirs, generally spoken of as the California heirs. Both wills were upheld in the district court and sustained by the supreme court.

### Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give one hundred dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
